SECTION IV: PROCEDURE

IV.1) BASIS FOR PROCUREMENT AWARD

IV.1.1) Basis for procurement award: open tender.

IV.2) OFFER EVALUATION CRITERIA

IV.2.1) Offer evaluation criteria: the lowest price.

IV.3) CONTRACT AMENDMENT

Significant amendments to the provisions of the concluded contract are provided for in relation to the content of the offer on the basis of which the contractor selection was made:

Acceptable amendments to the provisions of the contract and a description of the conditions for those amendments

1. Any changes of the Contract require consent by both Parties and are to be made in writing under pain of nullity.
2. The changes mentioned in Sec. 1 must be made with the preservation of Art. 140 Sec. 3 of Public Procurement Law, which states that a contract becomes invalidated in the part exceeding the description of the contract subject included in the Specification of the Essential Terms of the Tender.
3. It is acceptable to make a change in the regulations of this Contract as referred to the content of the Contractor's offer within the following scope:
 - a. **the quality or other parameters of the appliances offered in the tender**, whereas such a change can be caused by:
 - 1) market unavailability of the appliances described in the tender resulting from a cease in the production or a removal of these appliances from the market;
 - 2) market appearance of newer generation appliances which allow to save the costs of the implementation or operation of the Contract subject,
 - 3) market appearance of appliances of better parameters than those given in the tender,

on condition that the changes mentioned above does not raise the offer price.

b. the deadline of the tender subject's implementation, when it is caused by circumstances on the side of the Purchaser, such as:

- 1) difficulties in the adaptation of the room for the purpose of the Contract subject's installation,
- 2) justified work absence of the Purchaser's personnel responsible for the technical receipt of the Contract subject

The condition for the changes described in Sec. 3 is the submission of a motion by the side initiating the change, which includes: a description of the change proposal, a justification of the changes, a calculation of the change costs, if the change in question has an effect on the Contractor's payment.
